

Charging Scale

MRS60/120 Programmable Charging Scale

Large Capacity, High Accuracy

Technical Data

Model	MRS60	MRS120
Capacity	60 kg	120 kg
Resolution	2 g	2 g
Accuracy	0.05%	
Display Units	Kg / oz / Lb	
Operating Temperature	0 °C - 50 °C (32 °F - 122 °F)	
Storage Temperature	-10 °C - 60 °C (14 °F - 140 °F)	
Power Supply	3 * 3.7V Li-ion battery(18650,2400mAh)-Main body, 2 * 1.5V AAA-Wireless Controller	
Working Time	60 hours(full charge)	
Remark	Due to the strict transportation terms, we can not include any Li-ion battery and charger, you can buy from your local market.	
Accessories	M10 thread valve for refrigerant bottles	
Packing	Tool bag / Carton: 5 pcs
